

## BlueFloat Energy and Elemental Group proud to partner with OffshoreWind4Kids

April 20, 2023

BlueFloat Energy New Zealand and Elemental Group Limited Group are excited to have jumped onboard as official partners of OffshoreWind4Kids an innovative not-for-profit organisation that aims to engage and educate tamariki about offshore wind energy.

On Saturday 29 April we will be teaming up with our friends at Atlas Professionals New Zealand to bring you our first demo day where kids get to learn about offshore wind, have a go at building their own wind turbines, and fingers crossed, getting it to work in the water!

The event will take place at Ohāwe Beach, South Taranaki on the main beach directly in front of the carpark and surf club – as long as the weather plays ball from 11am–1pm on Saturday 29 April.

We reckon that offshore wind has a big part to play in New Zealand's energy future and that the kids of today will be the engineers and innovators of tomorrow making it a reality. To find out more about OffshoreWind4Kids please visit their website: <https://www.offshorewind4kids.com/>
